

## ABOUT US

Enjoy the best fruits and vegetables.

India is an agricultural hot-spot with as many as four seasons that flourish throughout the year. The district of Pune enjoys ample rain, soothing winter and delightful sunlight that makes it one of the best places for agricultural production. Samir Food Products is located on the outskirts of the serene city. Established in the year 2013, the company has created a strong base all across the major states of India. The production unit is set up in Saswad and manufactures fruit pulps of all major domestic fruits.

Frozen Sweet Corn is the primary product marketed by the company. It is available throughout the year in desired quantity. Get in touch with us for all your Fresh/ Frozen Fruit and Vegetable requirements.

## Benefits of Frozen Vegetables

- >> Freezing enables you to choose from the pick of vegetables all around the world with that 'just picked' taste experience in season or out of season.
- >> Frozen vegetables require no preparation, and you can use as much or as little as you want eliminating waste.
- >> Fast, convenient and available all year, frozen vegetables can be steamed, stir fried, or micro-waved to be ready in minutes.
- >> Freezing vegetables locks in vitamins at the point of harvest.
